

The Hengst oil filter system for the modular diesel system.

The weight-saving design of the Hengst oil filter system for the modular diesel system (MDB) for the **1.6 l and 2.0 l TDI engines** of the Volkswagen Group combines oil filtration and oil cooling in the smallest of spaces. Thanks to sustainable technologies and innovations such as the plastic oil drain plug in the filter cover as well as the direct screw connection of the oil cooler, the system has a very high overall efficiency.

Oil filter system for the 1.6 l and 2.0 l TDI engines of the Volkswagen Group.

Vehicle applications::

Audi | A1, A3, A4, A5, A6, Q2, Q5, TT

Seat | Alhambra II, Ateca, Leon III, Toledo

Skoda | Kodiaq, Octavia III, Rapid, Superb III, Yeti

Volkswagen | Arteon, Beetle, Caddy IV, CC, Crafter II, Golf VII, Jetta IV, Multivan VI, Passat VIII, Scirocco III, Sharan II, Tiguan I/II, Touran II, Transporter VI

The right Hengst filter:

Oil	Fuel	Air	Cabin Air
E340H D247	E439KP	E1090L	E2998LB
	E447KP	E1126L	E2998LC
			E2998LI

The SMART Alternative.

OE quality and service excellence.

It is in the nature of things: There is only one original. We offer a service that makes things possible, flexible, reliable and personal – so that you can convince your clients with first-class OE quality and attractive conditions. As a strong sales partner with optimal availability.
